If prophesies coming from the spiritual leader of the Omega Fire Ministries are anything to go by, then the Nigerian political class is in for many tragedies in 2016.

According to the president of Omega Fire Ministries, Apostle Johnson Suleiman, who spoke in a statement signed by his media adviser, Mr Phrank Shaibu and sent to Naij.com, said the nation will witness many heart rending political developments this year.

Someone should please tell this pastor that, he should wakeup from his hallucinations. no American can even vaguely think of a third term. the laws establishing those facts are too blunt, logically concluded & sacrosanct for any one president to contemplate.

What is this, please ask all these fake prophets to shut their mouth, this is simple a guesswork, Obama will go for third term, does this one know anything about American constitution, I didn't see anything in all what he said that looks like prophecy rather than guesswork and this is the most amusing prophecy that I have ever heard, why was it that these prophets does not prophesies on good things than on this person will die or one calamity or the other, Is this their God a god of doom?
